"A Primer on Tabletop Sterilizer Repair and Maintenance"

ASRT certified for 1.5 CE Credits

Wednesday, November 12, 2014, at 2:00 pm EST

Sponsored by [Replacement Parts Industries, Inc.](#)

Join us from the comfort of your own computer for a *FREE* 90 minute webinar on the repair and maintenance of tabletop sterilizers.

The presentation will provide the history and current state of table top steam sterilization with focus on the Midmark UltraClave®, as well as important information on the operation, repair, and maintenance of some of the most common sterilizers.

Neil Blagman, one of RPI's Product Engineers with more than 25 years hands-on experience in the biomedical field, will lead the webinar that includes photographs, video clips and animation to demonstrate and highlight troubleshooting tips, service and repair techniques, and preventative maintenance tips. In addition, there will be time for Q&A's.

*Neil Blagman
Product Development Engineer
